

RTL 900mm Wide Profile Cones

Our 900mm Wide Profile Cone is fully compliant to NZTA TTMC specifications and an alternative to the slim profile cone. Our Wide Profile Cone features a one piece PVC design, improved UV resistance and cone collar recesses for better collar protection. Other features include a top hand grip and internal ribs to help with release.

* **NZTA TTMC Compliant**

* **Durable 3M Class 400 Cone Collars**

* **Wide Profile**

Top hand grip for easier pick up

Cone recess for added protection

Feet Design

Feet design to allow water to flow easily under the cone

TTMC Complaint

Fully compliant to NZTA CoPTTM TTMC Specifications

Cone Branding & Accessories

Branding Options

To enhance your company profile and also let you quickly identify your gear onsite, RTL offer a FUSION Branding and or screen printing service where we brand your company logo onto the cone.

Fusion - Anti-theft

Anti theft permanent branding in the upper section of the cone

Screen-printing

Standard print branding

Under CoPTTM, company logos applied to the sides of delineation devices must be no greater than 5000mm² (eg: 50mm x 100mm) with the top of the logo being no higher than 200mm (±20mm) from the road surface.

Retro-reflective Cone Collars

Our replacement cone collars are precut to suit either our Slim or Wide Profile cones. Upper and lower cone collars are sold separately.

Slim Profile

Wide Profile

Cone collars are made from a self-adhesive 3M tear resistant retro-reflective sheeting that meets the NZTA retro-reflective AS/NZS 1906.1 requirements.

Extendable Cone Bars

Cone bars are used to provide a channel for pedestrians on work sites where workers are in attendance. They should only be used in conjunction with positive traffic management and not be used to replace a safety fence or left unattended when a work site closes.

CoPTTM Compliant

Retro-reflective sheeting complies with retro-reflective AS/NZS 1906.1 requirements.

No Stopping Sleeves

Same use as the No Stopping Cones but these can be used on Slim Profile cones and are sold in packs of 10.

Each pack contains:
one left arrow, one right arrow and 8 double arrows.

Cones are sold separately.

Custom Cone Covers

Heavy duty cone covers that can be custom printed with the message you need to convey i.e. Power Line Overhead.

We have both a slim profile and wide profile cover available (slim shown).

Cones are sold separately.
