

Flexi-Lite™ Car kit System

(NZTA CoPTTM and ASNZ 1906 compliant)

The RTL Flexi-Lite™ Car kit System is a simple, easy to use solution designed for road inspections, surveying, emergency services, maintenance and utility teams. The roll up Car kit can be set up in an instant to warn motorists that you are working on the road. It is manufactured from light weight, UV stabilised, Flexi-Lite™ material and fully compliant with NZTA CoPTTM specifications.

* Highly Portable

* NZTA CoPTTM Compliant

* Simple Setup

Features & Benefits

- NZTA CoPTTM compliant
- Light weight
- UV stabilised Reflective
- Highly durable
- Comes with adjustable straps and a bungee cord to suit different vehicle types, from a car to a van!
- Very easy to set up
- Car kit rolls up so uses minimal storage space
- Very easy to clean

Package includes: The roll up Car kit with two top straps, two bottom straps and bungee cord.

Installation & Ordering

1. Hooks Only: Using the hooks, secure the straps onto the top and bottom of the vehicle boot lid. The straps are fully adjustable to suit most vehicle types.
2. Hooks & Bungee Cord - Secure the top hooks onto the top of the vehicle boot lid and loop the bungee cord around the vehicle tow bar.
3. You are ready to go!
