

# Pre-Purchase Inspections

**\$199**  
+ GST

Buy Pre-Owned Traffic Control Equipment with confidence!

**OUR TEAM** provide a thorough and accurate inspection of:

- LAS – Light Arrow System
- L1 Arrow boards
- Scorpion Attenuators
- TVMS – Truck Mounted VMS
- AWVMS (Advanced Warning Variable Message Signs)
- VMS (Variable Message Signs)

Are you in the market for a second-hand TTM truck in New Zealand? Look no further! RTL is offering a special pre-purchase inspection service at a reduced rate of just \$199 at our Maurice Road yard to provide a thorough and accurate inspection of pre-owned TTM Trucks.

**What does an Inspection include?**

- **Operation and functionality check** – ensuring all equipment works as it should
- **Damage assessment** – identifying any existing damage
- **Safety and compliance check** – verifying that all equipment meets safety standards and regulations
- **Full written report** – detailing the inspection results

**Contact Us:**

**RTL Electronics - 31 Maurice Rd, Penrose**

[services@rtl.co.nz](mailto:services@rtl.co.nz)

**0800 785 744**

Notes:

Terms: Same-Day Service is based at Maurice Road.

Call out Fees for local travel apply.

Excludes any repairs (recommendations will be included in the report).
